| | ANTI-SLAVERY and HUMAN TRAFFICKING POLICY | Date: Jun 21 Iss. No: 02 Iss. By: HEG |

The management of Castings Technology International recognises that it has a legal duty of care towards complying with Anti-Slavery and Human Trafficking legislation and policy.

Modern slavery is a crime and a violation of fundamental human rights. It takes various forms, such as slavery, servitude, forced and compulsory labour and human trafficking, all of which have in common the deprivation of a person's liberty by another to exploit them for personal or commercial gain.

Castings Technology has a zero-tolerance approach to modern slavery, and we are committed to acting ethically and with integrity in all our business dealings and relationships and to implementing and enforcing effective systems and controls to ensure modern slavery is not taking place anywhere in our own business or in any of our supply chains.

We are also committed to ensuring there is transparency in our own business and in our approach to tackling modern slavery throughout our supply chains, consistent with our disclosure obligations under the Modern Slavery Act 2015.

We expect the same high standards from all our contractors, suppliers and other business partners, and as part of our contracting processes, we will include specific prohibitions against the use of forced, compulsory or trafficked labour, or anyone held in slavery or servitude, whether adults or children, and we expect that our suppliers will hold their own suppliers to the same high standards.

Our supply chains are mainly made up of the following:

- Details of Suppliers
- Details of Products / Raw Materials Suppliers
- Details of IT Services
- Details of Manufacturing Services
- Details of Cleaning Contract Services

This policy applies to all persons working for us or on our behalf in any capacity, including employees at all levels, directors, staff, apprentices, agency workers, agents, contractors, external consultants, third-party representatives, and business partners.

Due Diligence and Risk Assessment

To help identify and monitor the risk of slavery and human trafficking in our supply chain we vet suppliers and sub-contractors to ensure that they are committed to ethical labour practices.

We include anti-slavery and human trafficking provisions in all contracts with suppliers.

We only employ agency workers through reputable employment agencies that adhere to our anti-slavery and human trafficking policy or equivalent policies.

Training

To ensure a high level of understanding of the risks of modern slavery and human trafficking in our supply chains and our business, we provide training to our staff.

Responsibility for the Policy

Castings Technology has overall responsibility for ensuring this policy complies with our legal and ethical obligations, and that all those under our control comply with it.

Castings Technology has primary and day-to-day responsibility for implementing this policy, monitoring its use and effectiveness, dealing with any queries about it, and auditing internal control systems and procedures to ensure they are effective in countering modern slavery. Management at all levels are responsible for ensuring those reporting to them understand and comply with this policy and are given adequate and regular training on it and the issue of modern slavery in supply chains.

Compliance with the Policy

The prevention, detection, and reporting of modern slavery in any part of our business or supply chains is the responsibility of all those working for us or under our control. All are expected to avoid any activity that might lead to, or suggest, a breach of this policy. Employees must notify a line manager OR a Castings Technology Director as soon as possible if you believe or suspect that a conflict with this policy has occurred or may occur in the future.

Employees are encouraged to raise concerns about any issue or suspicion of modern slavery in any parts of our business or supply chains of any supplier tier at the earliest possible stage. If you believe or suspect a breach of this policy has occurred or that it may occur, you must notify your line manager or Castings Technology Director.

The welfare and safety of local workers as a priority, we will give support and guidance to our suppliers to help them address coercive, abusive, and exploitative work practices in their own business and supply chains.

We aim to encourage openness and will support anyone who raises genuine concerns in good faith under this policy, even if they turn out to be mistaken. We are committed to ensuring no one suffers any detrimental treatment because of reporting in good faith their suspicion that modern slavery of whatever form is or may be taking place in any part of our own business or in any of our supply chains.

Communication & Awareness of this Policy

This policy, and on the risk our business faces from modern slavery in its supply chains, forms part of the induction process and for all individuals who work for us, and updates will be provided using established methods of communication. Our zero-tolerance approach to modern slavery is clearly communicated to all suppliers, contractors, and business partners via our website.

Signed: 

Dated: 02nd June 2021

Name: Richard Cook.

Position: Managing Director.
